

LABC South West Building Excellence Awards

Building Excellence Awards 2010
Imperial Hotel
Torquay
18th June 2010

The LABC South West Building Excellence Awards recognise and reward the best quality design construction and project management in the South West. The quality stems from good design and an efficient design team, and is translated into quality buildings by an effective construction team. Throughout this process Local Authority Building Control monitors the quality of design and construction. The finalists will be acknowledged as amongst the best projects in the South West.

Nominations can now be made by any member of the design and construction team, the building owner, or by the LABC Building Control Surveyors involved. Each entry must be approved by LABC and include an endorsement from the approving authority. If you have a project that you think is worthy of recognition, speak with your LABC surveyor and ask for their endorsement. There is no charge for entering. Nominations are now open – and can be made until the closing date of 31 March 2010.

Please visit the awards web-site at www.labcawards.org to find out more information about the categories, nomination deadlines, hints and tips. Put a link from your own Building Control pages. You can also register on the site to be kept up to date with the latest news. Please make an effort to promote the awards and make them and LABC a continuing success story.

The regional final is dedicated to showcasing the best the construction industry has to offer in the South West. The awards will attract a large audience to a prestigious ceremony at The Barcelo Torquay Imperial Hotel on 18 June 2010. It is a black tie dinner and is a great opportunity to celebrate the working relationship enjoyed by the design and construction team and to reflect on the success of being shortlisted as a finalist.
